OBJECTIVE

Results-driven MBA/MS in Quantitative Finance student at Northeastern University, recipient of D'Amore-McKim Achievers Scholarship, with 2.5 years' experience in finance, treasury, and international banking. Seeking co-op or internship roles in corporate finance, management, treasury, or investment banking to apply data-driven insights.

EDUCATION

Northeastern University- D'Amore McKim School of Business	Boston, USA
<i>Master of Science in Quantitative Finance(MSQF)/Master of Business Administration(MBA)</i>	<i>Sep. 2025 – Present</i>
University of Mumbai (9.51/10)	Mumbai, India
<i>Bachelor of Commerce Honors in Banking and Insurance</i>	<i>July 2019 – May 2022</i>
Export Trade and Training Institute	Mumbai, India
<i>Advanced Certification in International Trade and Management</i>	<i>May 2022 – Sep. 2022</i>

EXPERIENCE

Equity Research Analyst	May 2026 – Present
<i>360 Huntington Fund, Northeastern University</i>	<i>Boston, USA</i>
- Conduct equity research on Vertiv Holdings (NYSE: VRT), including financial statement, industry, valuation, and downside analysis, supporting a buy recommendation for a \$2M student-managed fund. - Presented a 20-minute investment pitch and defended the thesis during Q&A with analysts and sector managers, addressing key catalysts, risks, and valuation scenarios.	
Student Success Assistant	May 2026 – Present
<i>Global Experience Office, Northeastern University</i>	<i>Boston, USA</i>
- Serve as the front-line contact for students across multiple programs, resolving time-sensitive inquiries through coordination with internal teams. - Manage student records and service workflows, improving response consistency, documentation accuracy, and turnaround times.	
Trade Finance Officer	Sep. 2023 – Aug. 2025
<i>JSW India's Largest Steel Manufacturer and Exporter</i>	<i>Mumbai, India</i>
- Managed daily cash positions and coordinated with banking and treasury teams to forecast foreign-exchange needs and mitigate currency exposure, reducing FX losses by 10%. - Monitored 250+ export invoices and coordinated 200+ monthly trade-finance transactions, including collections and remittances, improving transaction success rates by 75%.	
Accounting Executive	Feb. 2023 – Sep. 2023
<i>JSW India's Largest Steel Manufacturer and Exporter</i>	<i>Mumbai, India</i>
- Recorded receivables, collections, and bank charges while reconciling multiple bank accounts monthly, reducing accounting discrepancies by 20%. - Processed and monitored 350+ inward-remittance transactions monthly, maintaining regulatory compliance and accelerating transaction processing.	
Logistics Operations Intern	Nov. 2022 – Dec. 2022
<i>Samudra Group of Companies</i>	<i>Mumbai, India</i>
- Coordinated clearing agents and shipping teams across export logistics activities, reducing transit time by 20% and improving process compliance. - Prepared vessel profile forms and ICEGATE submissions, helping reduce customs-clearance turnaround time by 30%.	
Finance Intern	Oct. 2021 – Nov. 2021
<i>Learnovate Ecommerce</i>	<i>Mumbai, India</i>
- Analyzed expense structures and sales performance to identify cost-control and growth opportunities, contributing to a 25% increase in revenue. - Evaluated 25+ industry trends and translated findings into 10+ strategic recommendations, supporting a 15% improvement in profitability.	

PROJECTS

- FX Risk Management & Hedging Strategy** | *Forwards, Swaps & Options* May 2024 – Jan. 2025
- Modelled currency exposures under unhedged, forward, swap, and option-based scenarios to quantify the impact of exchange-rate movements on projected cash flows.
 - Evaluated cost, downside protection, liquidity, and upside potential across hedging alternatives, developing a strategy that reduced modelled cash-flow volatility by 20%.
- Transaction Reporting Automation** | *SWIFT & Excel* May 2023 – Jan. 2024
- Built an automated Excel workflow that consolidated SWIFT transaction data into standardized reports, reducing manual processing effort by 40%.
 - Introduced dynamic data updates and standardized transaction tracking, increasing reporting speed by 35% while improving operational accuracy and efficiency.
- MunchMolds** | *Edible Cups Startup Idea* Oct. 2019 – Feb. 2020
- Developed an edible-cup product concept designed to replace single-use packaging, with the potential to reduce packaging waste by 30%.
 - Analyzed 25+ consumer trends and evaluated 20+ sustainable-material suppliers to align the product concept with market demand and production requirements.
